ACC statement on Federal Budget 2021

EDMONTON – Alberta Chambers of Commerce (ACC) President and CEO Ken Kobly released the following statement on the Federal Budget 2021:

"We've been waiting two years, and the biggest surprise is the scale of projected deficit and debt – it's quite alarming to say the least.

"Continued support for business as Canadians face a potential third wave of variant strains and the investment in training and retraining are positives. Our members also support expanding broadband and refinancing the national trade corridors fund as much of our economy is rural and depends on moving goods and services.

"Ongoing monitoring of the business community will be critical to ensure scheduled scale backs of the Canada Emergency Wage Subsidy and Canada Emergency Rent Subsidy should actually occur depending on where we are in managing the pandemic. Accountability for program execution overall will be paramount over the term of the budget as it's a tremendous gamble of intergenerational wealth.

"We were somewhat surprised there was no commitment to overhaul the tax system given the emphasis on the digital economy, an underutilized opportunity for many small businesses. Without tax modernization, our entire economy will remain tethered to the past by a clunky, costly code that was last reviewed in earnest before touch tone phones were invented.

"With over 750 pages, this budget is enormous in more ways than spending. What we know at this point of our review is there appears to be something in there for almost everybody, unless you value thrift and savings. In that case you're out of luck."

The TDHF is fundraising for equipment for Linden View. We are running a campaign from April 14-May 14.

And with the support of one generous donor, we will be able to match donations up to \$16,000.

**For more information go to the TDHF website: www.tdhf.ca
Or you can call the TDHF office at 403-223-7232.**

With the current funding model and the additional costs that Linden View has incurred due to the pandemic, additional PPE required, etc...

Good Samaritan does not have funding available to support the purchase of the ReJoyce and ReTouch equipment at this time. The pandemic has added a number of challenges for the residents and has impacted the delivery of group activities and programming greatly.

These devices will enhance physical therapy and recreation programming at Linden View and offer additional activities that the residents can do independently.

The hope is the ReJoyce workstation and the ReJoyce Touch will have a positive impact on the physical and mental wellbeing of the residents.

A grant of \$2,500 has been secured towards the purchase.
